

Dear sport lovers!

Every year, at the beginning of April (at the closure of the skating season) Jesenice and Kranjska Gora become the scene for the competition of the best young figure skaters from all over the world. This year is going to be organised for the 24th time.

The competition is hosted in Jesenice ice hall Podmežakla and has its roots from the year 1992. From then on it has grown to be one of the most important events in the framework of International Ice skating Union. It is rated immediately after senior and junior world championships.

Over 100 skaters (cadets, juniors and seniors) from all over the world compete for the Triglav Trophy every year. The competition is regularly attended by all important ice skating world powers (such as USA, Japan, Korea, Russia, Canada and all the European countries) with their young promising ice skaters.

Some of the biggest names of world ice skating have competed at the Jesenice ice ring. Many of them became important competitors later, in junior and senior classes, some of them European and World champions and even Olympic winners, such as Shizuka Arakawa, Stephane Lambiel, Yuna Kim, Evan Lysacek, Rachael Flatt, Yuna Kim, Aikiko Suzuki and many others.

Stephane Lambiel (SUI)

from Switzerland won the gold medal in the Triglav Trophy as a junior in the year 1997. After that, he became world champion twice - in the year 2005 and 2006. In the Olympic Games in Torino (2006) he won silver medal.

Javier Fernandez (ESP)

He competed in Triglav Trophy in year 2005 and 2006 as Advance Novice Boy and was the 4th both times.

He is three - times European champion, in 2013, 2014, 2015 and two – times World bronze medalist (2013, 2014) and the 4th in the Olympics in 2014.

Yuna Kim (KOR)

She is one of the best world skaters. Yuna Kim was the World champion in 2009 and 2013, she also won Olympic gold in 2010 and silver in 2014.

In Jesenice she competed and won gold in 2002.

Akiko Suzuki (JPN)

She is bronze World medalist in 2012.

She won 1st place at Triglav Trophy in Senior Ladies in 2011.

Ashley WAGNER (USA)

She competed as a junior at Triglav Trophy in 2006 and won 1st place. She was USA Champion in 2012, 2013, 2015 and Olympic participant in 2014, where she took 7th place.

Elena RADIONOVA (RUS)

She competed as a junior at Triglav Trophy in 2013 and won 1st place. She was junior world champion in 2013 and the 2nd in the European championship in 2015.

Among all this glittering names Slovenia also has its own hero. His name is Gregor Urbas, and on his home ice he won six gold medals. He comes from Jesenice and he is the best Slovenian skater of all time. In the year 2007 he was 9th at the European championship, and this is the best Slovene result in the international championship of this sport.

After the performance at the Olympic Games in the year 2010, Gregor Urbas concluded his sport career as a competitor.

Skaters of the Skating Club Jesenice in season 2013/2014.

The Triglav Trophy competition is quite a big organising challenge for members of the Organising Committee, which consists of members of the Jesenice Skating club and executive members of the Slovene Skating Union, but it is also a good opportunity for promoting Slovenia and the Gorenjska region outside its borders. In the time of the competition Slovenia is visited not only from competitors, but also from their coaches and a lot of other companions, as competition is one of the most popular official International competitions in this sport. The Organising Committee so far got a very positive feedback from many competitors, coaches, team leaders and other accompanying members. The nicest (and almost personal) are as presented below:

Big Thanks from Natalie Popova -
coach of Turkish Team.

This is my 5th time at Triglav Trophy.
Last year I was really feeling sorry for you
when all computers were stolen during
the competition. But you are great
guys you didn't only recovery after this,
you improve technical staff and organization,
you did your "Personal Best" at this
competition.

I would like to thank President Mr. Vinko
Otovič, I would like to thank all organizing
committee, I would like to thank all
~~referees~~, technical controllers, technical specialists
and judges for a fair play, for their
patron and supporting skaters.

I wish Triglav Trophy to continue lots of years,
I wish great skaters from many countries
come here and I wish friendship and
fair play will be always here.
Congratulations to all skaters, coaches
and Team leaders.

Hope to see you next year.

Natalia Popova
